MONTREAL FASHION WEEK, DAY 2: NISSE

Posted by: Vanessa in FASHION, STYLE

The Nisse show was amazing and had me lusting after many of the coats that she featured. I do have to get one thing out of the way...

Designers. Please stop it with the lace and the military-inspired outfits (aka, the Kate Middleton effect):

Here is my favourite coat from the collection. I am partial to trenches though and, seeing as I live in Canada, a woolen trench screams to be in my wardrobe. Plus, this one has huge pockets for all my stuff (technically, you are meant to put things pockets of women's clothing but I dislike carrying a purse so much that I'm willing to look a bit awkward to do so)

That coat you picked out with the massive pockets would be my pick.
